WHERE IS CARE PROVIDED	Main level		
PROGRAMMING & ROUTINE	Indoor: <ul style="list-style-type: none"> • Provide a lot of activities to challenge and improve the children's thinking • Examples: building blocks, puzzles, painting, crayons, kitchen play, playdough, water and sand 	Outdoor: <ul style="list-style-type: none"> • Physical play is very important for children's development and motor skills • Examples: running, jumping, obstacle courses 	
NUTRITION	<ul style="list-style-type: none"> • Children need a variety of foods that contain a range of nutrients • I believe in less sugar and more fruits and vegetables • I offer homemade food from all the food groups • Snacks will be given twice a day and the lunch will be served from 11:45-12:30pm 		
EXPERIENCE / TRAINING	<ul style="list-style-type: none"> • Registered Early Childhood Educator • Worked as an ECE in a daycare center • Completed 2 additional placements in daycare centers • Degree in biochemistry • I have taught chemistry and biology for elementary school • First Aid and CPR-C • "Better Beginnings" training • "Worker Safety and Health Awareness" training 		
PHILOSOPHY	<p>"I believe that children are active learners. They are curious, capable and rich in potential. Therefore, we need to create a safe, healthy, play-based learning environment where children are encouraged to play and explore. The early years of a child's life are the fundamental base for future learning, behavior and health. Diversity, inclusion and equality are important rights for each child."</p>		

NOTES:
